Ft Worth, TX 76116

Junior School meets from 9:45am - 12pm (12-1pm bring your own lunch)
Scholars meet from 9:45am - 3pm (12-1pm bring your own lunch)

Liber Leadership Academy Junior School Offerings

Parents of children enrolled in Core or Love of Learning classes are required to stay on campus and assist during class time.

Core (2-8 years)

Mentor (2-3 years) - Ruby Leamons
Mentor (4-6 years) - Shelby Matthews
Mentor (7-8 years) - Sarah Costas-Lo

Created to give core phase children a safe and fun learning environment based on learning through play. Activities and stations include: circle time, books, active play, nature study, literature based activities, crafts, free play, clean up, etc.

Love of Learning (9-13 years)

Mentor: Venus Crumley

This project-based class will explore diverse themes throughout the year. Each theme will last 4-5 weeks and have hands-on work for the students to experience. At the end of each theme, the students will share with the class a presentation they have prepared at home. The end of theme presentation and “student share” are not required, but exist to serve as a way for the students to get to know one another, provide opportunity for self-expression, and give them a chance to practice speaking in front of their peers.

Love of Learning Book Club (9-13)

Mentor: April Francom

There is something magical about discussing a story with our friends. In this project based class, we will read books at home and then meet monthly to discuss them. Our monthly meetings will include hands-on

activities and lots of fun! Regardless of whether you are a reluctant reader or a speed reader, this is a class that you won't want to miss.

Liber Leadership Academy Scholar School Offerings

Pyramid Project (ages 12 and up) - Only available for those who attended this class in Fall 2019
Mentor: Trena Kelly

The Pyramid Project is a two part project. First semester focuses on Reason and Logic by studying mathematicians, scientists, and classics as well as through hands on experiments and discussions. The second semester focuses on Philosophy and applying the principles learned in the first semester to deepen our understanding of human nature and our relationships with self, others and the physical world.

Geography through Classics (ages 12 and up)

Mentor: Necie Leamons and Aimee Hunter

In this class we will discover and tour the continents by reading classics, both fiction and non-fiction. We will use these classics as a jumping off point to discover nations and their culture, history, religion, and more. Classes will consist of lectures, presentations, book discussions and in-class projects and activities. Students should expect to read, write and do presentations on a variety of topics.

Acting (ages 12 and up)

Mentor: Kate Rongey

Learn the basics of building a character from the ground up. Students will explore different techniques for fully realizing a character. We will experience the art of acting through games, scenes, monologues and other fun team activities. We will also touch on other disciplines in theatre and learn what it takes to get a play off the paper and on to the stage. This class is perfect for the beginner yet will challenge those with experience to stretch themselves.
